

FACT

Fight Against Cancer, Together

Join hands with KIMSHealth Cancer Centre, Trivandrum, in our mission to raise awareness about cancer and its profound impact on our society with our upcoming anti-cancer campaign, which primarily aims at forming Comprehensive Cancer Prevention Groups (CPG) in schools across Trivandrum. In our relentless pursuit of a healthier tomorrow, we believe that awareness is the first step towards prevention and early detection. That's why we have partnered with schools across Trivandrum to engage and educate our youth about the importance of cancer awareness. Together, we can empower the next generation to make informed choices and become advocates for a world where cancer is better understood and, ultimately, defeated. Welcome to the KIMS Health Cancer Centre's Cancer Awareness Initiative

- FACT, Fight Against Cancer, Together.

What's The **Campaign About?**

In our campaign, we aim to inspire students to foster creativity and innovation in their contributions to the battle against cancer. We encourage them to cultivate innovative concepts, engage the public, and harness the power of social media to mitigate the myths and propagate correct information about cancer, its prevention and early detection.

WHO CAN **PARTICIPATE?**

Students from all schools between 8th and 10th grade across Trivandrum (Govt, Aided, Pvt) are welcome to participate in the contest. There is no separate category based on the syllabus followed. The winning schools will be rewarded with cash awards of **1,00,000 INR** for first place, **50,000 INR** for second place, and **25,000 INR** for third place, along with the FACT Ever-rolling Trophy. There will be single entry per school

Compete **For A Cause**

Campaign Theme

Encouraging innovative approaches for cancer awareness, cancer prevention and it's early detection.

Last Day to Enroll : 15th November

Evaluation of the entries will happen between the month of December & January

What we're looking for

Innovative Visions: Unleash your creativity as you bring cancer education into your community.

Public Engagement: Involve as many participants from your community as possible, as you spread the knowledge of cancer prevention and early detection.

Social Media Influence: Master the art of spreading cancer awareness through social media.

Submission Format

PPT : The PPT must be submitted in PDF format for the evaluation on or before January 5th.

On-site presentation : Students must give a 10-minutes presentation with teams of 3 to 10 participants, and it can take any format, including performance art or speech. The presentation must be made in front of a selected jury. The final presentation date will be announced later.

Our Esteemed Advisory Committee

A panel of distinguished doctors and renowned figures is set to evaluate your initiatives and bestow the competition's accolades.
